

The screenshot shows the Azure DevOps interface for the 'E-commerce product uploader Team'. The left sidebar contains navigation links: Overview, Boards, Work items, Backlogs, Sprints (selected), Queries, Delivery Plans, Pipelines, and Artifacts. The main content area shows the 'Backlog' for 'Sprint 1' from February 17 to February 28, with 10 work days remaining. A table lists five backlog items, each with an order number, title, state (New), and assigned user. The fifth item is highlighted.
